

King Kong Tents

All Tents are Now Made with Eco-Friendly rPET!

1. Commercial Grade Event Tent (1050R): This 10x10 eco-friendly event tent boasts a robust steel frame, adjustable height, and a 500D fire-retardant, weather resistant rPET polyester canopy. Includes ground stakes and a deluxe rolling bag with storage compartments. Additional walls and bars are sold separately.

2. 10' x 10' Promotional Grade Event Tent (G10R): A best-selling tent now made with eco-friendly rPET, featuring a durable 300D polyester canopy, black powder-coated steel frame, and ABS nylon joints. The tent is easy to open/close, collapses into a soft case with wheels for transport, and offers full sublimation options.

3. 5' x 5' Promotional Grade Event Tent (G5R): This portable 5' x 5' tent, crafted from eco-friendly rPET, showcases a sturdy steel construction with adjustable height for stability. The 600D polyester canopy is durable, and the tent folds easily into a carry case. Full sublimation is available upon request.
